

Indian Journal of Biotechnology

<http://www.niscair.res.in>

VOLUME 14	NUMBER 4	October 2015
CODEN: IJBNAR 14(4) (2015) 437-600		ISSN: 0972-5849 (print) 0975-0967 (online)

CONTENTS

Review

- Current research status and future challenges to wheat production in India 445
Sapna Grewal & Sonia Goel

Papers

- Identification of putative DNA markers for disease resistance breeding in Indian cauliflower
(*Brassica oleracea* var. *botrytis* L.) 455
Shrawan Singh, S R Sharma, P Kalia, Rupesh Deshmukh, Jawaharlal Katara, Pratibha Sharma
& T R Sharma
- In silico* EST mining of *Fabaceae* species 461
Jyotika Bhati, H Chandrasekaran & Suresh Chand
- Single nucleotide polymorphism of *SLC11A1*, *CARD15*, *IFNG* and *TLR2* genes and their
association with *Mycobacterium avium* subspecies *paratuberculosis* infection in native
Indian cattle population 469
Tarun Sadana, Ran Vir Singh, Shoor Vir Singh, Vishesh Kumar Saxena, Deepak Sharma,
Pravin Kumar Singh, Naveen Kumar, Saurabh Gupta, Kundan Kumar Chaubey,
Sujata Jayaraman, Ruchi Tiwari, Kuldeep Dhama, Ashok Kumar Bhatia & Jagdip Singh Sohal
- Polymorphic study of chitinase catalytic domains from *Bacillus thuringiensis* isolates 476
Fatma Driss, Sonia Jemli & Samir Jaoua
- Functional gene based multiplex PCR to detect bacteria implicated in biotransformation of nitrogen,
sulfur and methane in aquatic environment 482
Kishore Kumar Krishnani & V Kathiravan
- Isolation of moderately halophilic bacteria from Tunisian soil samples and transformation by
electroporation using *Escherichia coli*-*Halomonas* sp. shuttle vector 489
Toru Matsui
- Phylogenetic relationships among accessions of bamboos encountered in North Bengal, India based
on RAPD and ISSR markers 495
Arvind Kumar Goyal & Arnab Sen

Molecular characterization and genetic diversity assessment in soybean [<i>Glycine max</i> (L.) Merr.] varieties using SSR markers Devendra K Chauhan, J A Bhat, A K Thakur, S Kumari, Z Hussain & C T Satyawathi	504
Assessment of genetic diversity in old world and new world cotton cultivars using RAPD and ISSR markers Jayesh Kahodariya, Pritesh Sabara & Dinesh Vakharia	511
Molecular fingerprinting and assessment of genetic diversity in rose (<i>Rosa × hybrida</i>) Sapna Panwar, Kanwar P Singh, Humira Sonah, R K Deshmukh, Namita, K V Prasad & T R Sharma	518
<i>In vitro</i> mutagenesis in rose (<i>Rosa hybrida</i> L.) cv. Raktima for novel traits Madhu Bala & Kanwar Pal Singh	525
A protocol for protein extraction from recalcitrant tissues of grapevine (<i>Vitis vinifera</i> L.) for proteome analysis Satisha Jogaiah, Anuradha Upadhyay, Smita R Maske & Manisha P Shinde	532
Astragaloside IV and cycloastragenol production in <i>in vitro</i> produced <i>Astragalus trojanus</i> Stev. Pinar Nartop, Aynur Gürel, Ismail Hakki Akgün & Erdal Bedir	540
Bacoside biosynthesis during <i>in vitro</i> shoot multiplication in <i>Bacopa monnieri</i> (L.) Wettst. grown in Growtek and air lift bioreactor Munish Sharma, Rajinder Gupta, Ravi Kant Khajuria, Sharada Mallubhotla & Ashok Ahuja	547
Pectinase production by <i>Aspergillus niger</i> LFP-1 using pomelo peels as substrate: An optimization study using shallow tray system I Darah, M M J Taufiq & Sheh-Hong Lim	552
Cyclic somatic embryogenesis of elite Indian Cassava variety H-226 T Anuradha, K K Kumar & P Balasubramanian	559
Effect of explant origin on clonal propagation of <i>Aegle marmelos</i> (L.) Corr. —A multipurpose tree species Shahina Parveen, Anwar Shahzad & Farah Nazim	566
<i>In vitro</i> seed germination and plant regeneration of an epiphytic orchid <i>Aerides ringens</i> (Lindl.) Fischer Deepti Srivastava, M C Gayatri & S K Sarangi	574
Short Communication	
Assessment of genetic fidelity in somaclonal variants with cytological and RAPD analysis in <i>Oroxylum indicum</i> (L.) Vent.—An endangered medicinal tree Mamta Gokhale & YK Bansal	581
List of Referees	585
Annual Author Index	591
Annual Subject Index	594
Instructions to Contributors	597
