CONTENTS

View Point

Nature's revelation seed cells of the body—Stem cells
Harish Koratkar & B G Matapurkar

Review article

Citrus tissue culture employing vegetative explants
H C Chaturvedi, S K Singh, A K Sharma & Savita Agnihotri

Papers

Effect of estradiol-17β on cell area, lumen area and trehalase activity of posterior silk gland of *Bombyx mori* L.
Bela Keshan & Arun K Ray

Specific limb abnormalities induced by hydrogen peroxide in tadpoles of Indian jumping frog, *Polypedates maculatus*
Pravati Kumari Mahapatra, Priyambada Mohanty-Hejmadi & Gagan B N Chainy

Subacute toxicity of anilofos, a new organophosphorus herbicide, in male rats: Effect on some physical attributes and acetylcholinesterase activity
Archana Hazarika & S N Sarkar

Subacute toxicity of anilofos, a new organophosphorus herbicide in male rats: Effect on lipid peroxidation and ATPase activity
Archana Hazarika, S N Sarkar & Meena Kataria

Surfactant-induced lipid peroxidation in a tropical euryhaline teleost *Oreochromis mossambicus* (Tilapia) adapted to fresh water
Bindu P C & Babu Philip

Changes in haemolymph constituents of American bollworm, *Helicoverpa armigera* (Hübner), infected with nucleopolyhedrovirus
V Kalia, S Chaudhari & G T Gujar

Effect of sublethal concentration of *Bacillus thuringiensis* var. *kurstaki* on food and developmental needs of the American bollworm, *Helicoverpa armigera* (Hübner)
G T Gujar, V Kalia & Archana Kumari

Optimisation of fermentation conditions for gluconic acid production by a mutant of *Aspergillus niger*
Om Vir Singh, Amit Sharma & R P Singh

Contd.
CONTENTS

Optimization of some additives to improve protease production under SSF
Rashbehari Tunga, Rintu Banerjee & B C Bhattacharyya

Distinguishing clonal apple rootstocks by isozymes banding patterns
Kanika Kaushal, Manju Modgil & D R Sharma

Notes

Activity of glutathione related enzymes and ovarian steroid hormones in different sizes of follicles from goat and sheep ovary of different reproductive stages
P S L Sesh, Dheer Singh, M K Sharma & R S Pandey

Effect of metronidazole on spermatogenesis and FSH, LH and testosterone levels of pre-pubertal rats

Effect of dexamethasone on implantation and pregnancy in albino rats
S A Nevagi & B B Kaliwal

Antioxidant and anti-inflammatory activities of methanol extract of Phellinus rimosus (Berk) Pilat
T A Ajith & K K Janardhanan

Influence of zinc on cardiac and serum biochemical parameters in rabbits
M Bhaskar, E Madhuri, S A Abdul Latheef & G Subramanyam

Effect of brahma rasayana on antioxidant system after radiation
P S Rekha, Girija Kuttan & Ramadasan Kuttan

Antioxidant property of Smilax china Linn.
Yamini B Tripathi, Anil Kumar Upadhyay & Padmaja Chaturvedi

Biochemical evaluation of lipid and oxidative stress status in relation to high fat-high antioxidant diets
Sheel Sharma & Rajeshwar Sharma

High frequency in vitro propagation of Phyllanthus amarus Schum. & Thom. by shoot tip culture
Rajasri Bhattacharyya & Sabita Bhattacharya

In vitro propagation of Mussaenda erythrophylla Schum. and Thom. cv. scarlet through multiple shoot regeneration
S K Mairy, K K De & A K Kundu

Changes in rubisco content in relation to saccharides accumulation in wheat leaves during day
Suphia Rafique, Poonam Sharma-Natu & M C Ghildiyal

Allelopathic effects of Lantana camara Linn. on spore germination of Asterella angusta Staph.—A liverwort
Meenal Kothari & B L Chaudhary
