Mini Review
Herbal formulations as pharmacotherapeutic agents
A Kuruvilla

Review Articles
Low level radiation exposure: The radiobiologist’s challenge in the next millennium
Abraham F G Stevenson

Insulin like growth factor 1 and regulation of ovarian function in mammals
Rahul Behl & Rajeev Kaul

Papers
Effect of chronic treatment with losartan on streptozotocin induced diabetic rats
B Murali & R K Goyal

Effect of prenatal alprazolam exposure on anxiety patterns in rat offspring
Arun K Jaiswal

Male reproductive toxic effects of carbendazim: Hitherto unreported targets in testis
B Kadalmani, R Girija, A Faridha & M A Akbarsha

Effect of Ruta graveolens L. and Euphorbia peplus L. anti-inflammatory extracts on nutritional status of rats and the safety of their use
Sahar Y Al-Okbi, Eman M El-Sayed, Nagwa M Ammar, Nabil K El-Sayed & Laminia T Abou El-Kassem

Nutritional evaluation of extruded faba bean (Vicia faba L.) as a protein supplement in cereals based diet in rats
Ameeta Kushwah, Prakrati Rajawat & Hukum Singh Kushwah

Role of male scent glands in improving poison bait acceptance in female rats, Rattus norvegicus
R Selvaraj & G Archunan

Prevention of HCl-ethanol induced gastric mucosal injury in rats by Garcinia cambogia extract and its possible mechanism of action
P Mahendran, K E Sabitha & C S Shyamala Devi

Contd
CONTENTS

Baculovirus studies in new, indigenous lepidopteran cell lines
U Pant, A B Sudeep, S S Athawale & V C Vipat

New *Helicoverpa armigera* Hbn cell line from larval hemocyte for baculovirus studies
A B Sudeep, Y S Shouche, D T Mourya & U Pant

Responses of isolated scale melanophores of a fresh water carp, *Cirrhinus mrigala* (Ham.) to zidovudine
Sudhir Kumar Srivastava & M Ovais

Evidence for presence of GABA-ergic receptor mediated dispersion in isolated scale melanophores of a carp, *Cirrhinus mrigala* (Ham.)
Mohammad Ovais & Sunita Rani Chimania

Effect of formulated diet on digestive enzymes of *Laboe rohita* (Ham.)
T A Sethuramalingam & M A Haniffa

Effect of *Alternaria* pathotoxin(s) on expression of p53-like apoptotic protein in calli and leaves of *Brassica campestris*
Abha Khandelwal, Anil Kumar, Manish Banerjee & G K Garg

Environmental radiation as the conditioning factor for survival of yeast *Saccharomyces cerevisiae*
N Gajendiran & R K Jeevanram

Degradation of predigested distillery effluent by isolated bacterial strains
Neeraj Jain, A K Minocha & C L Verma

Notes
Heat modifiability of outer membrane protein of *Pasteurella multocida* serotype B : 2
Anirban Pal, S K Srivastava & V P Singh

Cloning and sequencing of beta toxin gene of *Clostridium perfringens* type C
P P Goswami, K S Girish, P Chaudhuri, V Tiwari, S J Akare & P C Harbola

Effect of ciprofloxacin on specific immune response in rabbits
K Jayakumar, Homnegowda, G Krishnappa, K N V Sastry & K Narayana

Pharmacological and haematological study of shol fish (*Channa striatus*) skin extract on experimental animal
Surajit Karmakar, S C Dasgupta & A Gomes

Use of meristem tip culture to eliminate carnation latent virus from carnation plants
Manisha Mangal, S V Bhardwaj, D R Sharma, R Kaur & A K Mangal
