CONTENTS

SPECIAL ISSUE ON

“DIAGNOSTIC AND THERAPEUTIC IMMUNOLOGY”

Preface
Subir K Das (Guest Editor) 687

Minireviews
Murine models of Aspergillosis: Role of collectins in host defense 691

Mamta Singh, Lakshna Mahajan, Neelkamal Chaudhary, Savneet Kaur, Taruna Madan & P. Usha Sarma*

Complement and membrane-bound complement regulatory proteins as biomarkers and therapeutic targets for autoimmune inflammatory disorders, RA and SLE 701

Nibhriti Das

Papers
Association of estrogen receptor 1 (ESR1) haplotypes with risk for systemic lupus erythematosus among South Indians 714

Yedluri Rupasree, Shaik Mohammad Naushad, Liza Rajasekhar, Addepally Uma & Vijay Kumar Kutala*

Status of circulating immune complexes, IL8 titers and cryoglobulins in patients with dengue infection 719

Goutam Patra, Manab Ghosh, Dolanchampa Modak, Bhaswati Bandopadhyay, Bibhuti Saha & Sumi Mukhopadhyay*

Molecular characterization and In silico analysis of Sorghum Panallergens: Profilin and Polcalin 726

B Chandra Sekhar, Ch Sachin, BV Raman & JS Bondili*

Brugia malayi abundant larval transcript 2 protein treatment attenuates experimentally-induced colitis in mice 732

Vishal Khatri, Nitin Amdare, Ravi Shankar Yadav, Aadiya Tarnekar, Kalyan Goswami & MaryadaVenkata Rami Reddy*

Cont...
Antiproteolytic and leishmanicidal activity of *Coccinia grandis* (L.) Voigt leaf extract against *Leishmania donovani* promastigotes

Partha Das, Dibyendu Paik, Asmita Pramanik, Tripti De & Tapati Chakraborti*

Bioactivity guided fractionation of *Moringa oleifera* Lam. flower targeting *Leishmania donovani*

Manoj Kumar Singh, Joydeep Paul, Tripti De & Tapati Chakraborti*

Grapevine fruit extract protects against radiation induced oxidative stress and apoptosis in human lymphocyte

Indrani Singha & Subir Kumar Das*

Targeting folate metabolism for therapeutic option: A bioinformatics approach

**NISCAIR Policy on Plagiarism**

The system of formal communication in science through publication in primary journals is based on originality and quality of information being the only criteria for publication. However, there have been tendencies to misuse the system and vitiate the process of science communication for personal benefits. One of the ills afflicting science communication is plagiarism. Attempts at plagiarism may range from verbatim, copying of extensive material of other authors, misappropriating results/data of others with minor changes in language/presentation without giving credit to original source, to publish essentially the same information more than once.

As the premier publisher in India of primary scientific journals in various disciplines of science and technology, NISCAIR strongly reiterates its policy of discouraging plagiarism of all kinds. All efforts are made detect and frustrate attempts at plagiarism through editorial screening and rigorous peer review in respect of communications received for publication in NISCAIR publications. Cooperation of the scientific community is sought in our efforts to frustrate all attempts at plagiarism.

It is mandatory on the part of the corresponding author to furnish the following certificate at the time of submission of the manuscript for publication:

This is to certify that the reported work in the article entitle, “(give full title with all the authors name)” submitted for publication in the journal, the_____________ is an original one and has not been submitted for publication elsewhere. I/we further certify that proper citation to the previously reported work have been given and no data/table/figures have been quoted verbatim from other publications without giving due acknowledgement and without the permission of the author(s). The consent of all the authors of this article has been obtained for submitting the article to the journal, “____________.”

Signatures and names of all the authors

In case any attempt to plagiarize is brought to our attention accompanied with convincing evidence, following steps would be taken:

(a) After consulting the respective Editorial Board Members, authors guilty of plagiarism will be debarred from publishing their papers in NISCAIR journals

(b) Heads of the departments/institutes of the offending authors will be intimated of such incidences of plagiarism.

(c) Such incidents of plagiarism will be publicized through the concerned NISCAIR journals in consultation with the respective Editorial Board Members.
