## CONTENTS

### *Papers*

- |   |     |
|---|-----|
| Influence of carbon-oxygen surface groups on adsorptive removal of malachite green dye from water<br>Kumari Reena, Meenakshi Goyal, Mamta Bhagat, G R Chaudhary & M L Sharma                              | 87  |
| Physicochemical characterizations and sorption properties of deposited scale from hard water<br>R K Behera, P S Das, R Das & N N Das  | 95  |
| Modified SBA-15 synthesized using sugarcane leaf ash for nickel adsorption<br>A Arumugam & V Ponnusami  | 101 |
| Cloud point preconcentration of gold (III) and determination by flame atomic absorption spectrometry<br>Oya Aydın Urucu, Zeynep Yurtman Gündüz & Ece Kök Yetimoğlu  | 106 |
| Spectrophotometric determination of meloxicam by sodium nitroprusside and 1,10-phenanthroline reagents in bulk and its pharmaceutical formulation<br>B M Gurupadaya, M N Trinath & K Shilpa               | 111 |
| Synthesis of fatliquor from waste bovine fat for use in small scale leather industry<br>B C Nyamunda, M Moyo & F Chigondo   | 116 |
| Application of response surface methodology and central composite design for the optimization of talc filler and retention aid in papermaking<br>Vipul S Chauhan, Nishi K Bhardwaj & Swapan K Chakrabarti | 121 |
| Study of turbulent two-phase gas-solid flow in horizontal channels<br>S Lain  | 128 |
| Photocatalytic decomposition of acetaldehyde gas on TiO <sub>2</sub> -SiO <sub>2</sub> thin film photocatalyst — A kinetic analysis<br>Radhiyah Abdul Aziz & Iis Sopyan                                   | 137 |

Thermohydraulic characteristics of co/counter swirl flow through a round tube fitted with helical screw tape and twisted tape S Eiamsa-ard, K Yongsiri, K Nanan & C Thianpong	145
<b>Author Index</b>	156
<b>Keyword Index</b>	157
<i>Guidelines for Authors</i>	158
