CONTENTS

Papers

| | |
|--|-----|
| State inspection scheme using scatter ratio Fisher technique Mei Wang, Hong Yang Zan, Yong Yang & Cheng Ang Wang | 249 |
| Development of rapid large batteries charging system with on-line LCD monitoring Hsiung Cheng Lin, Chia Yu Pan & Zhao Yuan Zhan | 256 |
| CNFET-based design of resilient MCML XOR/XNOR circuit at 16-NM technology node Pragya Srivastava & Aminul Islam | 261 |
| Temperature effect on microstructure and mechanical properties of aluminum film deposited on glass substrates Shiuh-Chuan Her & Yi-Hsiang Wang | 268 |
| An improved deadbeat predictive current control for permanent magnet linear synchronous motor Mingyi Wang, Liyi Li, Donghua Pan & Qingbo Guo | 273 |
| Slow cooling of hot rolled bars to eliminate hydrogen induced cracks in Cr-Mo steels D Ravichandar, K B Nagashanmugam & T Balusamy | 283 |
| Experimental optimization of wear parameters of sintered bronze based materials Kadir Güngör, Ibrahim Ozsert, Ahmet Demirer, Ferit Fiçici & Adem Demir | 288 |
| Fine finishing of SiC microchannels using abrasive flow machining G Venkatesh, Apurbba Kumar Sharma & Pradeep Kumar | 297 |
| Fabrication and characterization of amorphous-nanocrystalline $Al_{80}Fe_{10}Ti_5M_3B_2$ (M=Cr, Ni and Nb) alloys A Ravanbakhsh, M Tavoosi & F Karimzadeh | 307 |
| Process parameters optimization on machining force and delamination factor in milling of GFRP composites using grey relational analysis M P Jenarathanan & N Naresh | 313 |
| Assessment of surface roughness and MRR while machining brass with HSS tool and carbide inserts K Arun Vikram, Ch Ratnam, K Sankara Narayana & B Satish Ben | 321 |

| | |
|--|-----|
| Monotonic and low cycle fatigue behaviour of concrete beams strengthened with textile reinforced concrete U-wrap Smitha Gopinath, A Rama Chandra Murthy & Nagesh R Iyer | 331 |
| Usage of steel slag in concrete as fine and/or coarse aggregate Gözde İnan Sezer & Mert Gülderen | 339 |
| Structural performance of a full-scale reinforced concrete frame strengthened by a steel grid shear wall Heecheul Kim, Jung Woo Park, Jin Young Park, Young Hak Lee & Dae-Jin Kim | 345 |
| Fly ash cenospheres as reinforcement in different polymer composites – a comparative study of physical and mechanical properties P Sampathkumaran, Kishore, S Seetharamu, V V Pattanashetti, M Shekhar Kumar & H B Niranjan | 354 |
