CONTENTS

REVIEW ARTICLE

609  Marine biotechnology: An approach based on components, levels and players; Seshagiri Raghukumar

RESEARCH ARTICLES

620  Would Makran tsunami skip Mumbai, India? No it would reach 8 minutes later than Ratnagiri; Kirti Srivastava, V P Dimri, V Swaroopa Rani, R Krishna Kumar & Likhita Narain

624  Distribution and biology of seagrass resources of Lakshadweep group of Islands, India; Nobi E P, E Dilipan, K Sivakumar & T Thangaradjou

635  Spatial autocorrelation analysis among populations of Codium fragile revealed by allozymes; Man Kyu Huh,

642  Occurrence of western Indian Ocean seahorse Hippocampus borboniensis Duméril, 1870, in the Gulf of Mannar, southeastern India; T Sivarama Krishnan, Rudie H Kuiter² & Jamila Patterson

645  Marine barcoding- how will it help Indian marine benthic studies?; Punyasloke Bhadury & C Annapurna

648  Isolation and growth kinetic studies of novel isolates from Indian Ocean nodules; Abhilash, R Venkat Raman, K D Mehta & B D Pandey

653  New recruitment of diverse scleractinian corals in little Andaman Island after tsunami; Tamal Mondal, C Raghunathan & Ramakrishna

657  Pre- and post-monsoonal changes in grain size and heavy minerals in the sediments from Kalbadevi Bay, Ratnagiri, west coast of India; Anil B Valsangkar & Domnica Fernandes
Free radical scavenging and anti-inflammatory potential of a marine brown alga *turbinaria ornata* (turner) j.agardh; S Ananthi, V Gayathri, C Chandronitha, R Lakshmisundaram & Hannah R Vasanthi

Phytoplankton species composition, abundance and distribution in Fishing area 58 of Indian Ocean sector of Southern Ocean; Vijayakumar Rathod

Stock assessment of the Indian scad, *Decapterus russelli* (Ruppell, 1830) from Mumbai waters; Nalini Poojary, L R Tiwari & S K Chakraborty

Reproductive pattern and some biological features of anadromous fish *tenualosa ilisha* (family: clupeidae) from Pakistan; Sher Khan Panhwar, Ghazala Siddiqui & Zarrien Ayub,

An overview of dinoflagellate cysts in recent sediments along the west coast of India; Maria Shamina D’Silva, Arga Chandrashekar Anil & Priya Mallika D’Costa

Antibacterial activities of polyunsaturated fatty acid extracts from *Sardinella longiceps* and *Sardinella fimbriata*; Chitra Som R S & C K Radhakrishnan.

Extracellular production of L-Glutaminase by marine alkalophilic *Streptomyces sp.*-SBU1 isolated from Cape Comorin coast; S. Krishnakumar, R Alexis Rajan & S Ravikumar

Design and general characteristics of sole fish gill nets of Ratnagiri, Maharashtra; Tousif G Kazi, Ashish S Mohite & Rakesh R Jadhav

Floral survey of wet coastal and associated ecosystems of Maharashtra; M V Gokhale, S S Shaikh & N S Chavan

Sponge infestation on perna indica kuriakose and nair 1976 in experimental culture systems; P Sunil Kumar & P A Thomas
