

**CSIR-NATIONAL INSTITUTE OF SCIENCE COMMUNICATION AND
INFORMATION RESOURCES, NEW DELHI**

(Diamond Jubilee Celebration of NISCAIR & 40th Year of Indian Journal of Geo-Marine Sciences(IJMS))

**National level training programme on
"Climate Change and Geospatial Technology"**

on

12-18 March 2012

A one week National level training programme on "Climate Change and Geospatial Technology" on 12-18 March, will be organized by the CSIR-National Institute Of Science Communication And Information Resources, New Delhi. Spatial challenge is the biggest facet in climate change and climate adaptation strategies. Geospatial technology is the most appropriate tool for the spatial planning, it also has specific application in natural and spatial system. This workshop is open to researchers, Faculty members and Scientist of Academic and Research Institutions and Insustry, Environmentalist and NGO's. The programme will impart hands on training in Geospatial techniques. *Only 20 candidates will be selected for the training programme.*

Registration Fee: Rs. 7000
