REVIEW ARTICLES

259 Impact of climate change on marine plankton with special reference to Indian Seas: Biraja Kumar Sahu, Premalata Pati & R. C. Panigrahy

RESEARCH ARTICLES

269 Development pattern and reservoir-formation mechanism of reef-bank complex in Late Ordovician Lianglitage Formation, Tazhong area, Tarim Basin, China: Jian Zheng, Zhenyu Wang, Zhiqi Zhong, Na Zhai & Yang Liu

281 Distribution, ecology and paleoenvironments of Benthic foraminifera - A case study off Manora, Palk Strait, Tamil Nadu: M. Suresh Gandhi, N. Rajeswara Rao, K. Kasilingam & M. Raja

291 The influence of reservoir filling on a preexisting bank landslide stability: Danqing Song, Shouyun Liang & Zhiqiang Wang

301 Bed sediment characteristics and transport processes along the inlet channel of Chilika Lagoon (INDIA): R. K. Sahoo, P. K. Mohanty, S. Pradhan, U.K. Pradhan & R. N. Samal

308 Coastal water characteristics along Tamil Nadu, east coast of India during pre-northeast monsoon period: S. Barath Kumar, A.K. Mohanty, R.K. Padhi, M. Selvanayagam & K.K. Satpathy

319 Total Factor Productivity of Tuna Fisheries in Lakshadweep: Vinay A., Ramasubramanian V., M. Krishnan & Ananthan P.S.
Ecological effects of the caged-fish and kelp cultures in semi-enclosed bay: evidence from diatom assemblages and environmental variables: Shao Liu, Xing Xiao-li, Zhou Jin & Shen Ang-lu

Experimental cultivation of Gelidium pusillum in open sea along the south east Indian coast: V. Veeragurunathan, Nilesh Vadodariya, Jai Prakash Chaudhary, Azaz gogda, K. R. Saminathan & Ramavtar Meena

Simulating summer circulation and water exchange in the Beibu Gulf: Chengqi He, Angang Lou, Xueyuan Fang & Yafei Liu

Length-weight relationship of five native fish species from Chashma Barrage at the Indus River, Pakistan: Muhammad Mohsin, Yong Tong Mu, Muhammad Noman, Aamir Mahood Memon & Ana Mehak

Meiofaunal distribution and abundance from the intertidal seagrass patches of Chidiyatapu, Port Blair: P.J. Naufal & G. Padmavati

Soft computing and statistical technique - Application to eutrophication potential modelling of Mumbai coastal area: V. S. Bharti, A. B. Inamdar, C. S. Purushothaman & V. K. Yadav

On the effect of hydrogen sulphide on primary productivity from retting area in Vembanad Lake, India: Sunil Kumar. P.

Occurrence and characteristics of the brown-spotted spine foot, Siganus stellatus (Forsskål, 1775) from Gulf of Mannar, Southeast coast of India: B. Ramkumar & A. Murugan

Comparative Osteology based on premaxillary bone of Sciaenid fishes found in Indian waters: Suman Kumari, A. K. Jaiswar, Z. J. Abidi, S. K. Chakraborty, Tarkeswar Kumar & Gaihiamngam Kamei

Food value of Pyropia vietnamensis (Bangiales, Rhodophyta) from India: Monica Gajanan Kavale, Mudassar Anisoddin Kazi, Prajakta Umesh Bagal, V.V. Singh & Durga Prasad Behera

Morphological observations on the endemic Velvet leatherjacket, Lalmohania velutina Hutchins, 1994 (Family: Monacanthidae) and updated distributional records after three decades from its discovery in Gulf of Mannar, Tamil Nadu Coast, India: A. Murugan, B. Ramkumar, M. Jayasingh & C. M. Ramakritinan

Criteria selection for sensitivity evaluation framework in coastal areas; Bushehr Province, Iran: Farnaz Najafi Nasab, Abdol Reza Karbassi & Jamal Ghoddousi
Using of biological diatom Indices (IBD) for ecological status of the Cauvery River, India: Karthikeyan, P., Venkatachalapathy, R. & Vennila, G.

Thermal stability of partially purified \( \alpha \)-amylase produced by \textit{Brevibacillus borstelensis} R1 from the coastal waters of Bay of Bengal, Visakhapatnam: K. Suribabu, T.Lalitha Govardhan & K.P.J Hemalatha

Assessment of physio-chemical characteristics of coastal water in Parangipettai and Nagapattinam, South East Coast of India using statistical approaches: Sankar R., Sachithanandam V., Thenmozhi C., Mageswaran T., Sridhar R. & Ananthan G.

Diversified Scleractinian of Andaman and Nicobar Islands- a range extension of CORAL TRIANGLE?: Tamal Mondal & C. Raghunathan

Food supply and influences of reproduction activity on the feeding activity in the blue swimming crab \textit{Portunus segnis} (Forskal, 1775) from Northwest of Persian Gulf: Mahnaz Sadat Sadeghi, Jamileh Pazooki, Mehdi Hosseini & Fatemeh Tadi Beni

Karyomorophometry of two pony fishes, \textit{Secutor insidiator} (Bloch, 1787) and \textit{Leiognathus equulus} (Forsskal, 1775) (Leiognathidae) from the Odisha Coast, Bay of Bengal: Jaya Kishor Seth, Tapan Kumar Barik & Ramesh Chandra Choudhury

\textit{Streptomyces castaneoglobisporus} AJ9, A haloalkaliphilic actinomycetes isolated from solar salt works in southern India and its pharmacological properties: J Adlin Jenifer, R Remya, S Velmurugan, M Michaelbabu, & T Citarasu

Catch rates and sustainable yield of Hook and Line Fishery -A Case Study of Kombuthurai village of Thoothukudi district of Tamilnadu: A. Anuja, V.K. Yadav, M. Krishnan & N.R. Kumar

Mineralogical composition and microalgae communities of solar salt tumuli from Tuticorin, Southeast coast of India: T. Santhanakrishnan, C. Lakshmanan & V. Radhakrishnan

Coral reef structure at Kachhigarh, Gujarat: Jayendra Lakhmapurkar & Deepa Gavali

\textbf{INSTRUCTION TO AUTHORS}
