VOLUME 40

NUMBER 6

DECEMBER 2011

CONTENTS

Ionospheric effects of the solar flare of 15 February 2011 R P Kane	297
Monitoring tropospheric radio refractivity over Nigeria Using CM-SAF data derived from NOAA-15, 16 and 18 Satellites Babatunde Adeyemi* & Israel Emmanuel	301
Time/level of ionospheric response to geomagnetic storm of 25-26 July 1981 at different latitudes T W David*, A N Akintola & B J Adekoya	311
GPS radio occultation observations of atmospheric heating associated with dust storm Neerja Sharma*, D V Mahalakshmi, Biswadip Gharai & K V S Badarinath	320
Modeling of rain drop size distribution for a tropical hot semi-arid site in India B S Jassal*, Anurag Vidyarthi, R Gowri & Ashish K Shukla	330
Effect of electromagnetic radiation from mobile phones towers on human body Sandeep Kumar* & P P Pathak	340
Annual Index	
Subject Index	343
Author Index	345
Acknowledgement to Reviewers	347
