### Corrigendum

"*Indigenous biodiversity of Apatani plateau: Learning on biocultural knowledge of Apatani tribe of Arunachal Pradesh for sustainable livelihoods*", RC Srivastava, *et al.*; *Indian J Traditional Knowledge*, 9 (3) 2010; 432-442: Apatani community has no social division and all are socially and culturally combined one community.

Due to some technical reasons, the paper entitled "*Minangmose (Gymnocladus assamicus)* and *Dekang (Gymnocladus burmanicus* P.C. Kanj): Culturally important and endeared trees of eastern Himalayas: Conservation perspective, published in *Indian J Traditional Knowledge* 9 (3), 2010: 419-429 is hereby withdrawn.
