To Our Readers

The Indian Journal of Fibre & Textile Research accepts research/review papers in the following areas:

- Production and properties of natural and synthetic fibres (including Industrial fibres)
- Production and properties of yarns
- Production and properties of fabrics
- Physics and chemistry of fibre-forming polymers
- Dyeing and Printing
- Chemical and finishing processes
- Fibre-reinforced composites
- Garment technology
- Analysis, testing and quality control
- Application of microprocessors
- Instrumentation
- Industrial engineering
- Application of nanotechnology in textiles

Research papers are published under two categories: Full Papers and Short Communications. Also included are critical review papers, conference reports and book reviews.

The Journal is covered by the following abstracting, indexing and current awareness services:

- Material Science Citation Index
- Science Citation Index–Expanded (including web of science)
- World Textile Abstracts
- Textile Technology Digest
- Chemical Abstracts
- Indian Science Abstract
- Directory of Open Access Journals
- UDLedge Products
- Journal Citation Reports/Science Edition
- Art and Archaeology
- Technical Abstracts
- NCI Current Contents
- Refrativnyi Zhurnal
- TEXINCON
- Paper CLIPP
- Scopus
- ICAR- National Assessment and Accreditation Council (NAAC rating)
